Dear Parents and Carers

A reminder about our school site

I would like to take this opportunity to remind everyone of our expectations for behaviour on the school site at the beginning and end of the school day.

We are very fortunate that the overwhelming majority of our parents and carers are consistently polite, respectful and supportive of our school and of one another, and I would like to thank you for helping us to maintain the positive atmosphere we want for our children.

From time to time, children will experience disagreements or difficulties with their peers. This is a normal part of school life and provides important opportunities for children to learn how to manage relationships, resolve conflict and move forward positively. When concerns arise, we ask that parents allow the school to address these with the children involved rather than approaching another child or their family directly on the school site.

Our expectation is that everyone who comes onto the school site treats children, other families and members of staff with courtesy and respect at all times. Arguments, confrontational behaviour, inappropriate language or gestures are not acceptable anywhere on school premises, including our car park and at the school gates.

If something has happened in school that you are concerned about, please speak to us. We would always much rather have the opportunity to understand the situation and work with you to resolve it appropriately.

Thank you, as always, to the vast majority of our families who model these expectations every day and who help us to ensure that our school remains a safe, welcoming and respectful community for everyone.

Yours sincerely,

Mrs A Grattage
Executive Headteacher
